

# Scholarship information

Each year, Life Pharmacy Group offers up to four scholarships across our rural NSW and ACT pharmacies.

Receive up to  
**\$5,000**  
to support you  
during your studies

## What we offer you...

- Guaranteed position in your Intern year, plus one year at any of our LPG pharmacies
- Financial support during your studies
- For students who would like to, the opportunity to complete rural placements across our stores
- Experience in an award winning group at the forefront of professional services

How do I apply?

Tell us a bit about yourself and answer the three questions below. This should be no more than a page!

1. Why do you want to become a community pharmacist?
2. Why would you like to work for Life Pharmacy Group?
3. Suggest a service that is not currently offered in pharmacy, that you would like to implement (or can see benefit) and why?

Email this through with your CV to [careers@lifepharmacygroup.com.au](mailto:careers@lifepharmacygroup.com.au)

# Who we are

Life Pharmacy Group is a network of 11 pharmacies located in rural NSW and the ACT. For over 70 years, our stores have been providing exceptional health and wellbeing advice and support to the local communities we serve.

Life Pharmacy Group acknowledges the traditional owners of the land on which we operate and pays respect to Elders past, present and future. We recognise Aboriginal and Torres Strait Islander peoples' vast knowledge in native plants and their uses. They were our first pharmacists.

# Internship opportunities with LPG

As an intern with LPG, you will follow our personalised LPG Intern Training Program, where you will participate in a robust internship including:

- Attendance at one annual pharmacy conference (generally APP or Pharmacy Connect), flights and accommodation included.
- An opportunity to participate in the Pharmacy Guild's Intern training (paid in full by LPG).
- Above award hourly rates at the commencement of your internship and ongoing.
- An opportunity to be offered a full-time job after successful completion of your internship.
- One-on-one internal support with experienced pharmacists once per quarter.
- A dedicated two-day Life Pharmacy Group Intern Conference focused on interprofessional collaboration with guest speakers such as a women's health physio, wound care specialist, dermatology pharmacist, compression stocking specialist, human resources consultant and much more. There is also a workshop session for oral exams.
- Networking with other LPG interns so you can support each other throughout the duration of your internship.

- Two days paid study leave.
- Support with your other ITP assignments.
- Opportunity to work at a sister store for short periods.
- One on one support from an LPG Professional Services Pharmacist, allowing you to hone in on your areas of interest.
- Fortnightly rotation between one on one practice exams with pharmacists across the group and an hour group session, presented by specialist pharmacists discussing men's health, women's health, diabetes education and dermatology. These sessions are scheduled in work hours and well in advance, allowing you time to prepare if you want to.
- In the last six weeks of your internship (which we know is the most stressful part of the year), we provide you with a buddy pharmacist for a weekly practice exam, to give you feedback and to help you feel prepared and supported for your oral exam.

To apply for an internship with Life Pharmacy Group, send your CV and cover letter to [careers@lifepharmacygroup.com.au](mailto:careers@lifepharmacygroup.com.au)
